OCTOBER 19-22

Lean in Design Award

Bernita Beikmann, HKS; Stan Chiu, Gensler

LEARN BY DOING FROM THOSE WHO DO

October 21, 2021

Designer

...ahead of times through endless creativity, inquisitiveness and pursuit of improvement

... a way to incorporate and integrate differences not through compromise or by choosing sides but by tying conflicting interests into new ideas

Designer

...ahead of times through endless creativity,
inquisitiveness and pursuit of improvement

... a way to incorporate and integrate
differences not through compromise or by
choosing sides but by tying conflicting interest
into new ideas

Purpose of Award

- The LCI Lean in Design Award recognizes delivering outstanding design while advancing the industry through collaborative Lean project delivery. The purpose of this award is to encourage Lean in Design and recognize the architects, engineers, designers, clients, and constructors who work together to improve the design and construction process and produce design excellence in the built environment.
 - The jury evaluated submissions based on the six tenets of Lean.
 - The submitter must be a LCI corporate member
